Did you ever work on Orford Ness?

Did you work for any of the companies providing support services to the Island?

Do you know anyone who did?

It is now some time since the closure of the Ness, and the Trust is keen to talk to people who have experience of the work carried out there.

Future generations will be able to explore the history and significance of this iconic Suffolk location when searching our Audio and Document Archives.

If you have been involved, or know anyone who has, then do please contact me.
